## Membership Form

North Carolina Public Schools have been recognized as one of the nation's leaders in the development of curricula, including technology education. North Carolina is leading the way in the development of technology curricula and in order to maintain its leading edge, teacher networking has been identified as a critical component. NCTEA would like to encourage technology teachers across the state to become a part of this organization. Input from each school system is essential in order to maintain our leadership position and identifying technology teachers across the state is a key ingredient.

Membership in NCTEA is \$20 per year.

Make checks payable to NCTEA and mail to:
